

POLY LOG & WOOD SIDING SEALER

100% POLYURETHANE EXTERIOR/INTERIOR

HIGH FLEXIBILITY FOR OPTIMUM PROTECTION AND BEAUTY

Seal-Once™ 100% Poly provides superior UV stability compared to alkyd and acrylic coatings and is more durable and harder. Developed with our proprietary process, the quick drying formula provides excellent adhesion, lasts longer and is easier to apply.

- Water based, Single Component
- Not Toxic / Low VOCs, Environmentally Safe
- Non Yellowing, Very Low Maintenance
- UV Absorber
- Apply to Vertical or Horizontal Surfaces
- One or Two coats
- Tintable Low Gloss or Satin Finishes
- Easy Soap & Water Clean Up
- Available in Quarts, Gallons and Fives
- For wood ends use Seal Ends Once™
